About our staff:

We hire competent and fun role models each summer and provide extensive training. Staff is qualified through our certified program guidelines set through the state of MN. Lead Group staff will be building relationships with your children and encouraging them to open their circle to create new friendships and experiences. Lead Group staff are trained in CPR & First Aid as well as all YMCA policies on pool safety, building safety, evacuations, weather concerns, sunburns, child abuse prevention and field trip safety. They are also trained in child development on how to build positive behavior and support children through safe interactions.

COVID Preparedness Plan:

We have also implemented Covid-19 training by teaching proper hand washing, temperature taking, and social distancing measures taken. We have a COVID preparedness plan that will be included in your registration packet as well as hanging for your reference in the Kids Power Club Classroom. We have taken the appropriate steps to keep your children safe and healthy while attending Kids Power Club here at the Red Wing Family YMCA.

Lunch & Snack:

The YMCA participates in the *free summer lunch program*. Your child can participate in this free program. You will indicate this on the registration form. Menus will be posted in the sign-in area for your viewing. Or you may provide lunch from home. Please note that we cannot heat or cool items. The YMCA also receives a free afternoon snack daily that we provide for your child. If your child has an allergy or gluten restriction please let us know and we can provide your child with an alternative lunch or snack from the free lunch program. We will also need to set up an Allergy Preparedness Plan with you for your child.
